David Lawal

Full-Stack Developer · TypeScript · React / Next.js · Node / Express · AI Integration · Open to Remote

dlawal979@gmail.com · +234 915 236 0010 (call / WhatsApp) · Lagos, Nigeria · mxxscott.github.io · github.com/MxxScott

PROFESSIONAL SUMMARY

Full-stack developer who ships complete systems, from AI-integrated Node/Express backend APIs to responsive Next.js / React and WebGL interfaces. Proficient in Nuxt / Vue 3 and React / Next.js 15, with hands-on teaching experience that makes complex concepts easy to explain. Available for remote and hybrid roles.

TECHNICAL SKILLS

Frameworks	Nuxt, Vue 3, React 19, Next.js 15, React Router 7, Tailwind CSS, Framer Motion, Three.js / React Three Fiber
Languages	JavaScript, TypeScript, HTML5, CSS3, Python, C, C++, Java
Backend & APIs	Node.js, Express, MongoDB, WebSockets, Cloudinary, Nodemailer, Gemini API, TMDB API
Tooling	Vite, Git / GitHub, GitHub Actions (CI/CD), Netlify, npm

SELECTED PROJECTS

prd-generator-api github.com/MxxScott/prd-generator-api

- Engineered a TypeScript and Node.js backend API that uses the Gemini API to automatically generate structured Product Requirements Documents for client applications. Stack: TypeScript, Node.js, Express, Gemini API.

Xplorem github.com/MxxScott/Xplorem

- Built a media explorer for movies and TV shows with multi-page routing and data ingested from the TMDB API. Stack: React 19, Vite, React Router 7, Tailwind CSS.

Portfolio mxxscott.github.io

- Sole engineer on a production Next.js 15 portfolio: scroll-linked WebGL hero (React Three Fiber), Framer Motion animations, and a Python / GitHub Actions pipeline that fetches live project data from the GitHub API daily. Stack: Next.js 15, React Three Fiber, Tailwind CSS 4, Python.

Onlearn — E-Learning Platform github.com/MxxScott/Onlearn

- Developed a fully responsive, accessible landing experience for an online learning platform. Stack: Nuxt, Vue 3, Tailwind CSS, TypeScript.

EXPERIENCE

Web Development & Data Processing Intern (SIWES, 15 weeks) — Babtech Computers Jul 2026 – Sep 2026

- Taught HTML and CSS to 5 students and word processing to 4, and led a 7-student church class as Babtech's representative; also covered JavaScript, prompt engineering, and Microsoft Office.
- Authored the study guides and slide decks used by student cohorts, and assigned 16 practical projects, one per student.
- Gave one-on-one debugging support to students while studying React and backend development in parallel.

ICT Teacher — AlmondSprings School, Igando, Lagos Sep 2020 – Dec 2020

- Taught ICT at elementary and secondary levels to over 50 students across all classes, through lectures, demonstrations, and one-to-one tutoring.
- Maintained the computer lab and administered standardized assessments to identify individual student needs.

EDUCATION

B.Sc. Computer Science — Caleb University, Lagos (transferred 2025) In progress, expected 2027

B.Sc. Computer Science — Lancaster University Ghana, Accra 2023 – 2025

INTERESTS

Saxophone (solo arrangements and jazz) · Online chess
